4" Ceiling LED Dome Light

Description

Liteharbor Interior Dome Lights are designed to reduce targeting and improve design for better quality light. Gentle light comes out after reflected through reflector, to achieve soft lighting without seeing the light source, replaced direct lighting, like a moon hanging on the ceiling. Lights are available with LED Lighting technology and offer a stylish sleek appearance.

Features

- Die cast aluminum body material with good heat dissipation
- High quality LED provides bright ambient lighting
- Higher reflection rate Reflector with nano powder sprayed on surface
- New construction is optional, no housing required
- Trimless design is available
- Use FT4 wire with high flame retardant grade
- Independent drive junction box, easy to replace
- Can be installed in 0.5 "to 1.25" thick ceilings
- Safe isolated power supply
- Flicker free stable dimming, can be compatible with multi brand dimmers
